
LETTERS TO THE EDITOR: VOTE 2010

McCabe understands Delaware's problems

I have retired to Milford from upstate Delaware. My few years here have been pleasant, and yet I am concerned, as many retirees are, about the state of our economy. Connected with that, I want to make sure my tax dollars are not wasted but used to provide all of us a quality of life and education, for our children and grandchildren, which we can be proud of as Delawareans.

I'm backing Russ McCabe for state rep-

resentative because he seems to have a better grasp on the problems facing us and reasonable ways to address these problems. Furthermore, Russ strikes me a candidate displaying refinement and character. My vote is for Russ Nov. 2.
