
LETTERS TO THE EDITOR: VOTE 2010

McCabe qualified for job

I am a native of Sussex County and live in Milford. I also have two sons who are currently in the fourth and seventh grades at Lulu Ross and Milford Middle schools. It is very important to me that my sons have the option of eventually making their own homes in the Milford area. Of course, they will not be able to do so if there are no jobs for them here.

One of the reasons I will vote for Russ McCabe as state representative is that he

not only has thought about this problem, but has actually shared his ideas for improving our job prospects and our economy. He also connects better jobs with better schooling and training, and has plans to improve education in various ways.

We need forward-thinking, energetic lawmakers who can handle these kinds of issues. Russ McCabe very obviously qualifies.
